As cofounder and principal of Inhabit Design, Michelle DiMauro is an accomplished interior designer who has called Las Vegas home for 16 years. Upon completing her formal education in Las Vegas, she launched her career in design while working for a leading designer who specialized in high end custom residences. DiMauro later moved on to a larger firm, where she gained experience collaborating on design efforts for noteworthy commercial and residential projects. After drawing upon her experiences with both of these firms and after developing a strong foundation and understanding of fundamental design principles, DiMauro began her next journey in the design world by opening Inhabit Design, a premier interior design firm for the loft and high-rise market as well as large commercial projects and luxury residential. DiMauro also is committed to giving back to her community and volunteers for Habitat for Humanity, AFAN and Blind center of Nevada.
